

Just Plug[®]

LIGHTING SYSTEM

by Woodland Scenics[®]

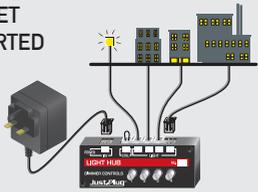

The Just Plug® Lighting

A complete, quick and easy way to add realism and light to new and existing layouts and other projects. No electrical knowledge or special tools needed. Just plug and you're done! Individual light brightness can be controlled. The modular design allows for an easy expansion, and Just Plug® works for all scales.

GET STARTED

Use Power Supply (or train power pack) to power Light Hubs

EXPAND

Use Expansion Hubs to power multiple Light Hubs

Power Supply

- JP5770 Type A (US) 120V
- JP5771 Type B (EU) 230V
- JP5772 Type G (UK) 230V
- JP5773 Type I (AU/NZ) 240V

Connect to Light Hub or Expansion Hub

Light Hub

JP5701

Add up to four Just Plug® LED lights quickly and easily. Regulate light brightness with individual dimmer controls.

Lights & Hub Set

JP5700

All you need is power. Set includes 2 Warm White LED Stick-On Lights and ports to add 2 more lights.

Expansion Hub

JP5702

Easily expand your system. Connect up to 4 Light Hubs to one Expansion Hub. Set includes 4 Connecting Cables.

Auxiliary Switch

JP5725

Turn lights on or off with the flick of a switch. Control the power to lights on a Light Hub, an Expansion Hub, or lights on multiple Hubs.

LED Lights

Simply plug into Light Hub. Available in two types and a variety of colors.

Stick-On Lights

Adhesive-backed for an easy installation.

Nano Lights

Small in size, big in brightness.

- JP5743 Warm White
- JP5744 Yellow
- JP5745 Red
- JP5746 Green
- JP5747 Blue
- JP5748 Cool White
- JP5749 Orange
- JP5754 Yellow Flashing
- JP5755 Red Flashing

Connecting Cables

JP5760

Connect Expansion Hubs to Light Hubs, Expansion Hubs to Expansion Hubs, or connect any Hub to train power pack or DCC system.

Extension Cables

JP5761

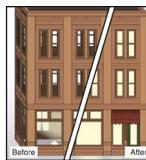

Expand the reach of your lighting system by extending the length of any Just Plug® cable.

Light Diffusing Kit

JP5715

Eliminate the need for a building interior. Window film blocks the view through the windows of a building, and diffuses the light evenly.

Light Block Kit

JP5716

Keep light inside a structure. Seal light leaks with Ribbon Putty and paint walls with Masking Paint to keep light from glowing through walls.

Tidy Wire Kit

JP5717

Includes adhesive-backed mounts to secure cables, wire ties to bundle cables, and labels to identify connections.

Street and Wall Mount Lights

Bring any scene to life with these LED Street and Wall Mount Lights. Light up city streets, rural roads, sidewalks, parking lots and train yards, and add lights to any building, billboard, sign, entryway, home or office.
